Amendments to the Specification

Immediately after the sentence, "Yet another advantage of the present invention is that it enables the warning sign and the warning replica to be positioned next to each other or apart from each other, thus creating two separate warnings and so further increasing the effect on the passer-by or the intruder," at page 4, lines 17-20, insert the following sentence:

In this application, the term "human warning sign" means an actual sign, designed to convey a warning to a human being.
